Dear Parents & Carers,

The online world has so many positive elements but it can potentially also pose an ever-increasing risk to children. It is important that schools, parents and carers work together to take an active role in teaching children about online dangers. Learning how to act safely when using the internet is an incredibly important part of safeguarding our children.

We now have a subscription with **National Online Safety** to support staff training on online safety and we will be starting to use their lessons plans to support our teaching of this area to teach across the school. We have shared their guides in the past through our newsletter every few weeks to support you in this area, but we are now able to offer you more resources to aid your understanding of keeping safe online.

The resources include Parents & Carers courses (presented by Myleene Klass), online video resources and weekly guides covering a huge range of topics, including:
